How to solve a Fallen Phrase puzzle.

1. The solved puzzle consists of a complete statement which is taken from our Bible study.
2. The complete statement should be read from left-to-right/top-to-bottom as you would read anything written in English.
3. The letters underneath the puzzle are the letters you'll use to solve the puzzle.
4. Notice the number of letters in each column equals the number of blanks above the letter.
5. Each of the letters goes into one of the blanks above the letter (note the punctuation in some squares).
6. Look for single letter columns (none in this puzzle).
7. Then look for one, two, and three letter words (in all 5 rows) and note the combinations that make sense.
8. Cross out letters as they are used.
