Hello LeTourneau Parents!

We stood proud as our May graduates received their diplomas. It was a bittersweet moment as we said goodbye to students whose lives touched ours for a brief time. Yet, here is another group of graduates who have become part of our LeTourneau Nation to give witness of God’s goodness!

Now we are already gearing up for a new incoming group of students who will be finding a new spot in the hearts of our faculty and staff. May their experience at LeTourneau help shape them to be Godly men and women who will take Christ with them to their workplaces.

Best regards,

**Martha Steed**  
Dir. of Alumni and Parent Relations

**Interested in Hosting a Send-Off Party?**

During the 2010 Parents Weekend, parents met during the Regional Reception and discussed hosting send-off parties for students living in their areas, prior to their returning to campus for the fall semester. This would allow an opportunity for new incoming students to fellowship with current students and for parents to interact with each other.
An informal program could include current students discussing "what to expect during your first day on campus" or "how to pack for college". Parents of current students might share "what changes to expect in your student". Parents could tell the most embarrassing story on their student or the most important thing we need to know about your student! This would be a great opportunity for students and parents to meet LeTourneau students that live in their communities and exchange information and/or travel plans.

The Office of Alumni and Parent Relations would be glad to locate the local students, send out the invitations and provide you with a give-a-way for students and a packet of helpful information. As host, you would receive the RSVP's and provide the place and the food - anything from light refreshments to pizza!

**Receiving Campus News**

If you are interested in receiving information of what is happening on campus, just Twitter! To set up a Twitter account go to: [www.twitter.com](http://www.twitter.com). It's free! Once you have established your account, open LeTourneau's start page [www.letu.edu/start](http://www.letu.edu/start). In the column on the right side of the page, look for the Twitter icon and click on "Twitter: Start" You will be able to connect your cell phone to the feed. Every time a new announcement comes up, you will receive a text message with the contents.

You can also sign up for an RSS feed which will automatically download information to your computer if you have Internet Explorer. To set up this alert on Outlook, go to [www.letu.edu](http://www.letu.edu) and click on the RRS feed symbol in the Latest News Column.

**Receiving Parent Emails**
