Hello LeTourneau Parents!

The semester has already passed the half-way point. Mid-term grades are coming out and students will be able to see the courses they are excelling in and the ones that need extra work. Students can get extra help at the Achievement Resource Center located in the Student Services building. Please encourage your students to talk with their faculty advisor if they are struggling with their classes. They can give them good advice and steer them in the direction where they can find help.

Best regards,

Martha Steed
Dir. of Alumni and Parent Relations
