Dear Alumni,

During the recent Career Fair, I was privileged to be able to visit with most of the employers who were on campus interviewing students for positions in their companies. Many of the companies were represented by alumni of LETU, who know the quality of our students and the education they receive here at LeTourneau. However, I most cherished the comments that came from the employers who had never attended LeTourneau. These employers gave me insight into why they were on campus recruiting our students. They had many great things to say about LeTourneau graduates. The word most commonly used was character. While they acknowledged the fact that our students were well educated, they were most impressed with the character of LeTourneau students. I was told repeatedly that LeTourneau graduates "Come into the work place ready to work." "They display integrity along with capability." "We can trust them with the work assigned to them."

I admit that these employers affirmed what I already believed. We have the very best, the very brightest, and I'm not just prejudiced in my opinion of our students and our alumni. Thank you to those of our alumni who came the distance to represent their companies at our job fair. You are doing a great service to our students and to our university.

Thank you also to the many alumni who have joined the Alumni Association. We are overwhelmed by our show of support. If you don't receive something in the mail from us after the holidays, please let our office know.

To all of you, I pray that the upcoming holidays will remind each of us of the many blessings that God has bestowed upon us. May this be a special time with family and friends.

Warmest regards,

Martha Steed '02
Director of Alumni & Parent Relations
