Advertising Competition

This semester the Advertising class, taught by Dr. Fairweather, has been working on an advertising plan for Pietro's. The Advertising class was divided into eight groups. Each group was tasked to create an Advertising plan for a new concept store that Mr. Filippazzo will be opening in the summer of 2012. Of the eight groups, four were chosen to present on Wednesday night November 16. The four teams will be competing for the chance to have their Advertising plan used by Pietro's.
