

Read Deuteronomy 28. Listen for how many blessings God promises.

- Moses declares what computer programmers call an "if-then" statement. What is the condition or the "if" part of his declaration?
- 2. What is the result which will happen if they satisfy the "if" condition? That is, what is the "then" portion of the declaration?

3. Now let's list all the areas of their lives where God promised blessings for obedience.

4. In contrast to the blessings, another "if-then" statement is specified. This time the "if" condition is that of disobedience. What will be the result of their disobedience, the "then" portion of the statement?

- 5. Who is it that determines whether a person obeys or rebels?
- 6. Who is it that does the blessing or carries out the judgment?
- 7. Making the right choices is an important concept no matter what your age or position. Pray together as a family that each of you will make good choices in all areas of your lives. Thank the Lord for the blessings. Also, thank Him for the reminders you sometimes need when you have made the wrong choice. Thank Him for more opportunities to make right choices.
