## **Honors Information**

Recipients of a bachelor's degree who have a total GPA of 3.40 or higher and have earned a minimum of 60 credit hours taken in courses at LETU may qualify for graduation honors for outstanding scholarship and merit. Graduation honors will be determined by considering the total GPA of all course work attempted at the University including any courses with grades that have been repeated or replaced in the calculation of the cumulative GPA.

Three possible distinctions may be awarded:

- **Cum Laude** is awarded to students who achieve a full cumulative GPA of all course work attempted at LETU of between 3.40 and 3.59, inclusive.
- **Magna Cum Laude** is awarded to students who achieve a full cumulative GPA of all course work attempted at LETU of between 3.60 and 3.79, inclusive.
- **Summa Cum Laude** is awarded to students who achieve a full cumulative GPA of all course work attempted at LETU of 3.80 or higher.

Students who have achieved these honors will be recognized at the Graduate Reception and will receive their medals (to be worn with regalia) at this time. Please refer to the Catalog for additional information on GPA calculation for Honors Awards. Graduation honors can only be verified by the Registrar's office and will be determined based on the following: cumulative GPA after Module 2 of the final semester. For example: Graduation Honors for students graduating spring of 2019 will be determined based on cumulative GPA after Module 2 of the spring 2023 semester. If a graduate's final GPA, as determined by the Office of the Registrar, qualifies him/her for a higher honor than was recognized at graduation, he or she may request that honor medal from the Office of the Registrar. All diplomas and transcripts will reflect final grades, regardless of honors recognized at commencement.

Members of the Alpha Sigma Lambda Honor Society (an honor society membership by invitation only) will be recognized at graduation with an honor cord.

We recognize our Honors College graduates (those who completed at least 16 credit hours of honors courses) through the wearing of a white cord with their regalia at commencement.

Graduate students are not eligible for graduation honors due to the higher standards and expectations of graduate programs.

**Graduates with honors not able to attend the Graduate Reception will receive their honors medals or cords when they pick up their cap and gown on Saturday, May 6.**

## **Honors College Graduates**

Graduates of the Honors College at LeTourneau University have completed at least 16 credit hours of honors courses at LETU and have shown active engagement at the campus, community, and global level. We

recognize these distinguished graduates through the wearing of a white cord with their regalia at commencement.

### **Veteran Cords**

LeTourneau is honored to recognize graduating veterans and active-duty military personnel for service to their country by offering special red, white and blue cords to be worn with academic regalia during commencement. These cords are available through the Registrar's Office upon verification of military status. Contact the Registrar ([Registrar@letu.edu](mailto:Registrar@letu.edu)) for more detailed instructions.

### **International Sashes**

Because of our commitment to "be a university of global influence," we wish to recognize students with international experience through the wearing of distinguishing sashes at commencement which depict the colors/flags of the country represented. Students eligible to wear the sashes include international students; those having participated in study abroad, semester abroad, or global service-learning programs; and children of families having spent significant time outside of the United States (missionary kids and third culture kids). Contact the Office of Global Initiatives (903-233-3150) for more information about ordering international sashes or complete the International Sash Order Form found on the web at [www.letu.edu/graduation](http://www.letu.edu/graduation).

### **Accessible Seating**

If you or someone in your party will need accessible seating, please complete the Accessible Seating Reservation form found at [www.letu.edu/graduation](http://www.letu.edu/graduation). If you have questions or concerns, contact [WandaDavis@letu.edu](mailto:WandaDavis@letu.edu). Please submit this as soon as possible so we can reserve your special seating. If we do not receive your request, there may not be seating available for you on the lower level. You may reserve 1 wheelchair seat or accessible seat (for someone with difficulty reaching the upper level) with 2 accompanying seats. Upon your arrival, inform the usher you have reserved accessible seating and they will direct you to your seat. You must be seated 15 minutes prior to commencement service.

Guests attending the commencement ceremony need to be advised that the doors to the Auditorium will open for guest seating at **9:00 a.m.** for the 10:00 a.m. ceremony (*Arts & Sciences, Aviation & Aeronautical Science, Education, Nursing, Psychology & Counseling, Theology & Vocation*) and at **1:00 p.m.** for the 2:00 ceremony (*Business, Engineering & Engineering Technology*). **All guests will be required to be seated 10 minutes before ceremony start time to allow us to clear the aisles for the faculty and graduate processional.** Guests will not be allowed to enter the auditorium during the processional. However, additional seating may be available after the processional is complete. Guests will be asked to enlist the aid of an usher to minimize disruption to the ceremony. **We are expecting a full house, so plan accordingly for seating. There is no seat saving, so please have your group together when entering the Belcher Chapel and Performance Center.** No food or drinks are allowed in the auditorium.

### **Guest Photography**

Still photography and video recording will be permitted **from the guest's seat** during the ceremony. After the ceremony is complete, however, photography should be limited to areas outside of the auditorium. There are many picturesque places outside of the auditorium for photos. Examples: several locations in the lobby where there are seating arrangements or outside in the patio areas by the *Servant* statue. This limitation will enable all guests to exit the auditorium in a safe and timely manner.
